

**Title:**

Examining intersectional experiences with weight stigma among diverse Canadians

**Principal Investigator:**

Dr. Sarah Nutter, University of Victoria

**Co-Investigators/Collaborators:**

Dr. Angela Alberga, Concordia University

Dr. Taniya Nagpal, University of Alberta

Dr. Shelly Russell-Mayhew, University of Calgary

Dr. Jacob Shelley, Western University

Dr. Sara Kirk, Dalhousie University

Dr. Mary Forhan, University of Alberta

Ian Patton, Obesity Canada

Ximena Ramos Salas, Obesity Canada

**Host Institution:**

University of Victoria

**Description of Study:**

This study is an anonymous qualitative survey. The purpose of the research is to better understand how people in Canada experience weight stigma, and how weight stigma is experienced alongside other forms of marginalization, including ableism, racism, homophobia, sexism, and classism.

**Funding Source:** SSHRC Partnership Development Grant

**Project Start Date:** January 1, 2024

**Project End Date:** Data collection to end on or around June 30, 2024

**Inclusion Criteria:**

18 years or older and living in Canada

**Ethics Approval:** UVic REB #23-0202

**Participation:**

Complete survey: <https://www.surveymonkey.ca/r/6RCTSRD>

Survey participants will be able to enter a draw for 1 of 20 \$50 gift cards.

We recognize that writing about experiences with weight stigma may be difficult. A link to CAMH is provided, for those who may wish to seek out mental health services, if needed.

This survey is anonymous and demographic data will be presented in aggregate. Identifying information will be removed from qualitative data. The incentive entry and consent for contact for

follow-up research is a separate survey link and this information will be kept separate from the survey data.
